

Terry brings over 20 years of Management and Organizational Development experience to the Office of the President, having held senior leadership roles in retail, container shipping and biotech. She is currently Director of Systemwide Staff Development Programs.

Passionate about learning, you might say she is “in the family business”; hailing from a long line of educators, coaches and consultants. Terry holds a Master of Science degree in Management and Organizational Development, which she earned from the University of San Francisco and has been an Adjunct Faculty member at Chabot College since 2005. Terry is the President Elect of the Golden Gate Chapter of ATD and is an active member of several community groups. She is a contributing author to the book *Savvy Leadership Strategies for Women*.
