

**Campus Update  
February 2016**

**Membership Change**

The Staff Association continues to take steps toward being all staff inclusive. Staff Association leadership has been working to update the website and the new site and communication is set for March 2016.

**Staff Association Committees**

The Staff Association Executive Board established ten committees to provide opportunities to engage staff and enable the Staff Association to do more programming. The committees will be responsible for scholarships, fundraising, event planning, staff engagement and appointing staff to committees.

**Lunch With Assistant Vice Chancellor – Human Resources**

The Staff Association Executive Board had lunch with the new Assistant Vice Chancellor – Human Resources to meet him and talk about staff concerns. The new AVC-HR plans to meet with each staff association and would like to schedule regular meetings with the SAEB chair and chair-elect.

**Breakfast With the Chancellor**

On February 24, the Chancellor will be hosting a breakfast for the a group of 14 staff members. The breakfast was an opportunity drawing item at the Staff Appreciation Breakfast in December. This is a really nice opportunity for the staff who will be attending as it gives them a chance to share concerns with the Chancellor and get to know him a little.
