Governing Council Committee Structure Change

The GC voted to combine the Membership, Programs, and Social committees into one “Events” committee to consolidate participation and focus on the core programs of the committees. Low participation in the individual committees made it difficult to achieve a wide range of goals.

The welcome back lunch was held on October 12 and included announcements from BSA Committee Chairs about upcoming activities and ways in which members can lend a hand. Everyone who attended enjoyed the raffle and camaraderie.

A new timekeeping system called CalTime (Kronos) was announced at the OE Showcase on Thursday, October 27 and is aligned with the system wide “Working Smarter Initiatives”.
