CAMPUS WIDE

Principles of Community

UCSC's Office for Diversity, Equity, and Inclusion started a series of year-long events exploring how to put our Principles of Community into practice. All Principle of Community events are FREE and open to the full campus community. Each College or College Pair have selected a Principle of Community to talk about during the lunch hour.

Fri, December 5, 2014 Kresge and Porter: OPEN
Thurs, January 22, 2015 Crown and Merrill: DIVERSE
Wed, February 18, 2015 College Nine and Ten: PURPOSEFUL

Mon, March 2, 2015 Cowell: DISCIPLINED
Thurs, April 30, 2015 Oakes: JUST
Thurs, May 7, 2015 Stevenson: CELEBRATIVE

LOCAL SAB

SAB Leaderships sits down with Berkeley Staff Members to discuss Mentorship Program

With the full support of our Associate Chancellor Ashish Sahni our Chair and Chair elect went to San Francisco to meet with the Co-Chairs of Berkeley's Mentorship Program to discuss the program in more detail. We are aiming to pilot a mentorship program with about 20 mentees starting this summer.

Second Harvest Holiday Food Drive

The Campus Food Drive Committee at UC Santa Cruz set an ambitious goal for the 2014 Holiday Food Drive. A clever combination of increased awareness and collaboration campus-wide helped increase our total from last year to over 150,000 meals overall. The SAB Raffle, which included donated items from local and campus affiliates, raised \$8,000 dollars.

SAB Hosted Blood Drive with Red Cross

The SAB hosted the annual staff and faculty blood drive again with the Red Cross of America January 28th and had over 50 pints of blood donated by staff and Faculty Members.

SAB members have lunch with EVC Galloway

EVC Allison Galloway took time out of her busy schedule to sit down with some of the staff advisory board members and have lunch in her office. Members were allowed to bring concerns and ideas of staff members straight to the EVC and the EVC had a chance to let the board members in on some upcoming plans for the campus. The main topic was the goals that have come from the climate survey in relation to making UCSC a place where people enjoy working and to address workload burden.
