

UC Davis Staff Assembly Campus Update September 2005

Chair Update: Following the resignation of the previous Chair, there has been a lot of work to begin the revitalization process for Staff Assembly. Much of the summer was spent on finding filling the Chair and Vice Chair positions for Staff Assembly. Once the positions were filled, a process was initiated to confer with staff and executive committee members on past, present, and future projects and goals. Meetings are being scheduled to meet with administrators and staff for their input and suggestions. Our part-time staff assistant also resigned this month which lead to even more challenges. I am in the process of working with our sponsor, staff, and executive committee to investigate immediate solutions.

Staff Assembly Executive Committee: Our first goal this year is to work on getting new executive committee members. Finding new volunteers for the executive committee has been extremely challenging due to the early resignation of the Chair, term limits, and campus staff's already heavy workload. The committee is working on getting new members through an outreach campaign by reinitiating the Staff Newsletter, Fall and Spring meetings, and a much needed redesign of the web site.

Project Updates: We were very successful this year with the Great America Ticket sales. However, the increase in sales also increased staff workload. We will need to work with their representative this year for a more efficient ticket sale system. Our campus coupon books have just arrived and they will be on sale. All profits generated will go to our Staff Scholarship Program.

Committee Updates: No Reports

Please feel free to contact me if there are any other questions,

Respectfully Submitted,

Lin King
Chair, Staff Assembly
UC Davis
