

Campus Update June 2007

Excellence in Leadership Award Nominations

The Staff Assembly announced and began accepting nominations for the 2007 Excellence in Leadership Award. This program will recognize three staff supervisors who, through outstanding leadership; enhance staff morale, build an enriching work environment, and serve as a mentor or otherwise support the career development of their staff...all to the benefit of our UCI community. Each winner will be awarded \$1,000 plus a lunch for themselves and their staff at the University Club. Winners will be announced and awards presented at the annual Staff Appreciation Picnic.

Quarter Century Club

The Quarter Century Club (QCC) was conceived as a special recognition for staff with 25 years of service. Staff who reach their 25th anniversary are invited to a luncheon at the Chancellor's home. In May, a new committee chair was appointed to organize the group to function as a sub committee of the Staff Assembly. The goal is to create a program of activities specifically for the members of the group and to be a bridge organization to the UCI retiree association. An exploratory meeting was held in early June and all club members were invited. There was a large turn out and great enthusiasm for building the organization into a meaningful group on campus.

Staff Night at UCI Baseball

The Staff Assembly sponsored a staff appreciation night at a UCI baseball game. Each staff member was allowed to receive up to 5 free tickets to the Saturday afternoon game, and were encouraged to bring family and friends to spread the Anteater fever!

Council Elections

The nomination process for the 2007-2008 Staff Assembly Council was announced. The election will be held in June. The positions open for election this year are: Vice Chair, Council Communications, and Jr CUCSA Delegate.
