

CUCSA Campus Update September 2011

Meals With Mike

UCI Staff Assembly continues to sponsor this monthly informal lunch program with UCI's Executive Vice Chancellor and Provost. This format provides the EVC with the opportunity to engage in casual conversation with members of the staff at the University Club.

Staff Appreciation

UCI Staff Appreciation Picnic: 21st Annual Staff Picnic will be held on September 1st. This year we have selected a Woodstock theme "Zotstock -Summer of Love". Activities include competition for the best Zot Stock (Woodstock) themed department display, the best dressed Hippie, and of course some fun "summer of love" games. We will be announcing the winner of our "UCI's Got Talent" program during the event.

Education and Enrichment Programs

The Education and Enrichment Committee strives to find and share diverse opportunities for personal enrichment and development with staff. Presentations are given by speakers from various UC Communities who offer insights into their fields of expertise. This year we'll have a time management workshop, a free education information session about OpenCourseWare and a UCI technology tour, among other programs. Staff is encouraged to bring their lunch and take part in the lecture and interact with speaks and colleagues during lunch hour sessions.

Holiday Helping Hands

The program provides an opportunity to members of the UCI community to lend a helping hand at the holidays to staff members who are experiencing difficulties providing a holiday experience for their families. Those who need a helping hand are matched anonymously with those individuals or groups who are interested in sponsoring a family. The program starts in October reviewing applications and ends in mid-December with the drop-off and pickup of gifts from our Ombudsman's office.
