

UCOP Campus Update December 2007

Programs Continuation

UCOPA continues to deliver interesting programs for staff focused around the process of admissions to the University. In addition, the Staff Advisors to the Regents will be on hand December 4th to discuss UCOP staff issues and the presidential selection process

UCOP Restructuring

UCOPA has been primarily focused on managing staff issues related to the ongoing UCOP Restructuring. Staff concerns about process, layoffs, workload and morale have been at an all time high. In October UCOPA met with Strategic Communications to discuss ways to share information with staff as well as effective mechanisms for receiving staff input to the process.
