

Campus Update July – August 2008

Annual August Retreat

We met at the Centennial House on August 13th for our annual retreat. We used this time to recap all of our activities throughout the year and assess which activities were successes and those that might be in need of retirement. This meeting included a strategic planning session to talk about new projects, collaboration with other staff groups, and recruitment practices. We had lunch with the Vice Chancellor of Administrative Services, Donna Carpenter, who congratulated us on our accomplishments in the past year, especially in the area of advocating for staff housing. We hope to form a new focus group on staff succession this coming year.

Staff Art Show

We are preparing for our upcoming staff art show at the Faculty Club which runs from September 1st to October 31st.
